Document VII: Specific Questions

1. Which of these functionalities of Extremo have you used? (tick zero or more)

☐ I have imported some resources

☐ I have used the query mechanism (less than 3 queries)

☐ I have used the query mechanism (more than 3 queries)

☐ I have used the integration of the repository set and the query results with the model editor

☐ I have verified the consistency of the imported models with the constraint interpreter

strongly agree →

← strongly disagree

	1	2	3	4	5
2. I think that the importer mechanism is useful for the task	1	2	3	4	5
3. I found problems in the importer mechanism using the assistant	1	2	3	4	5
4. I think that the query mechanism is useful for the task	1	2	3	4	5
5. I found mismatches in the query results using the assistant	1	2	3	4	5
6. I think that the integration with the set of modelling is useful to perform the task	1	2	3	4	5
7. I found discrepancies in the fragments created by the integration system	1	2	3	4	5
8. I think that the constraint evaluation functionality is useful for the task	1	2	3	4	5
9. I found mismatches in the constraint evaluation results using the assistant	1	2	3	4	5
10. I think that the use of this kind of assistants together with a modelling tool improves the modelling task	1	2	3	4	5
11. I would prefer to use the model editor without the assistant	1	2	3	4	5

12. Please describe the kind of queries you have used (if any)

13. Please indicate three good aspects you want to highlight about the tool

14. Please indicate three suggestions for improvement
